Disclaimer

The XR is a good motorbike, but very difficult to fix in Vietnam. Customers who are not prepared to push a motorbike and deal with potential problems should not be selecting the Honda XR. Please choose a locally manufactured bike such as the Blade, Winner, Exciter.

Fees

Customer is responsible for online transaction fees. Customer may pay the deposit on paypal or stripe which returns all fees on refund. Cash VND or USD can be paid for the rental part of the sale. Please see payments.PDF for more information.

Online refunds will be paid within 24 hours of returning the motorbike. HCM office issues online refunds which can cause a small delay in Hanoi related returns.

Ownership

Tigit Motorbikes expects the bike to be sold back to Tigit Motorbikes. Selling the bike onto other backpackers voids our contract, ruins our stock control and we will not under any circumstances guarantee to buy the bike back off a backpacker that did not originally buy from us..

Customer is the full owner of the purchased motorbike throughout the travels and is responsible for damages done to other people or themselves. Tigit is not responsible for the bike or drivers.

Guarantee

If the bike has a problem, Customer is expected to phone Tigit for support (+841288758055) to ensure the bike is fixed properly and at the right prices. Failing to do so voids our guarantee.

Customer must keep the receipt as evidence of oil changes every 1000km. Please provide a receipt or a picture of both the oil change and speedometer at the time of the oil change.

Providing customer has receipt or picture then Tigit will be responsible for any damages to the engine. Failing to change the oil in official Honda stores voids our guarantee as backstreet mechanics often use fake or low quality oil.

If there is no evidence of an oil change in an official store, and the engine is damaged Tigit has the right to deduct the fixing cost from the customer.

The customer is responsible for **oil changes, flat tires, inner tubes, and luggage racks**.

If the bike has a mechanical failure that cannot be fixed, Tigit will be responsible for transport expenses from the breakdown location to HCM (providing customer calls us to confirm each expense). We will send out a replacement Honda Blade.

If the customer does not want a replacement bike then the customer is responsible for transport cost of the bike back to HCM. Customer will be charged per day for the use of the Honda XR (20usd/day).

Crashes

If the customer crashes or drops the bike resulting in damaged mirrors or bodywork, then the customer will be fully responsible for it. The broken part of bodywork will be replaced and deducted from the buyback. Due to being an import bike and parts being rare and difficult to find it may take some time to get a quote.

Wobbly and out of line front suspension from a crash will not be “fixed”, it will be replaced at the expense of the customer.

General maintenance throughout the journey including oil changes is the responsibility of the customer.

Tigit judges replacement parts on what we feel a future customer can complain about. When buying the motorbike please check it carefully and if you feel there are major scratches then take a picture.

The following are estimates:

Mirrors - \$10

Large scratches - \$15-20 per piece of plastic affected

Clutch and brake handles - \$15

Crashed and bent suspension that can be fixed - \$20-30

Unfixable suspension - \$300

Accessories

If one key is lost, customer will have to pay \$10. If the blue card is lost customer will have to pay \$300.

Customer changing plans

Customer agrees to a fixed rental for the first month. If customer changes plans and returns the bike earlier than described then the original rental fee stated will still apply. Extensions are possible with at least one week of notice.

Working Hours

Opening hours Monday to Saturday, 9 until 5pm. Please respect our working hours and avoid returning motorbikes on Sunday. Thanks for understanding!
